

Baha Presentation

In March 2015 Brian Newhook, Rob Scott and Trent Hardy spent 6 days paddling around one of the most amazing kayaking destinations in the world. With a rugged coastline, full of beautiful sandy beaches, high cliffs, caves and cactus, warm water, excellent weather, and abundant wildlife above and below the sea, its on the top of a lot of bucket lists for sure. The presentation included, photos, videos and stories of the trip, including tips for planning your own Baja paddling adventure.
